Woodinville, WA 98072

Office Financial Policy

Patient Examination:

Today's examination fee is \$130. This applies regardless of whether further treatment is required or not. Some examinations require additional x-rays or imaging studies which range from \$125- \$295. If you have concerns regarding these fees, please ask us about the costs prior to taking any additional images. If you have dental insurance, we will be happy to submit the claim for the fees for today's exam and x-rays, however any remaining balance will be your responsibility. It is your responsibility to communicate with your insurance company and your employer regarding premiums and coverage. It is our responsibility to make recommendations for the best treatment for you and not base treatment on your insurance company limitations. If you do not have dental insurance, the fees for your exam and x-rays are due at the end of your appointment today.

Treatment fee collection:

Following your appointment with the doctor we will contact your insurance company and provide you an estimate based on your insurance coverage. Please understand that this is strictly an **estimate**, we cannot guarantee **exact** coverage amounts from your insurance company. Your estimated portion is due the day of your procedure. If you do not have dental insurance, all fees will be collected at the time of service.

Forms of payment accepted include: Visa, MasterCard, American Express, Discover, Care Credit and checks.
